

# LET IT SNOW TOMORROW

Let it snow tomorrow  
Let it snow tomorrow,  
I hope it's very deep.  
Just let it snow and snow and snow,  
When I am fast asleep.  
Every place has a brand-new-face,  
that's all dressed up in white.  
Then I'll climb the mountainside,  
And with my sledge have a million rides!  
So let it snow on monday, Tuesday,  
Wednesday, Thursday,  
On Friday let it snow and don't miss  
Saturday and Sunday.  
My secret wish is simply this,  
Just let it snow tomorrow,  
Let it snow tomorrow  
Let it snow tomorrow just for me!
